Profile

Hey! As a production assistant in the film industry, my passion is animation and the arts in general. Organization and ambition are my two primary skills, and I am an organizer at heart. In addition to developing my professional skills, I am always looking for a position that allows me to grow as an individual. You can count on me to be someone you can rely on and turn to if you need help.

Work Experience

2021 - Present

Production Assistant - Doghead Animation

I'm working in a company that specializes in the production of 2D animation projects. During the course of my training, I was trained in exporting from toon boom story pro to toon boom Harmony, as well as managing Nimbus, software that tracks the progress of animation projects at every stage of their production.

Education

2018 - 2021

Civica Scuola di Cinema Luchino Visconti

Bachelor's Degree in Film and Audiovisual Arts and Technology
